Specializing in:

Leaders and entrepreneurs who want to **develop their leadership skills**

Companies seeking to **develop key leaders** and invest in learning and development

Leaders who want to **develop and mentor their people**

Professionals who have **experienced a career setback** or are navigating a **career transition**

With a long history of helping mid- to senior- and C-level leaders, newly promoted leaders, mid-career professionals, entrepreneurs and mature tech startups.

I help create healthy, happy, humane and productive work environments where leaders lead with heart; develop and retain their people; and grow their organizations. I support leaders through change and career transitions so they can overcome setbacks and build fulfilling careers and work lives.

Executive coach, learning and development expert with experience from tech startups to top global companies. Leadership and management consultant, coach, speaker, mentor, training designer, trainer, facilitator. Industries: Technology, media, advertising & marketing, consulting, professional services, consumer products, non-profit, government. Designer and developer of innovative, high-quality, effective learning experiences to support change initiatives over 20 years in L&D.

Testimonials

"Jeremy is a thoughtful and respectful listener who recognizes that an effective solution and positive outcome begins with a proper understanding of the problem. Other attributes that come to mind when I think of Jeremy are enthusiastic, supportive, and trusting...He has a strong ability to connect with others and inspires them to be at their best." - Mark, Sr Learning Consultant

"I was a software engineer while I was working with Jeremy and I was particularly impressed by his ability to handle/coach even the toughest topics about both technical and human skills. Any client would be lucky to have Jeremy as a coach." - Ali, Software Developer

"Jeremy helped me with my career development plan and strategy, and the associated skills. He uses different tools and assessments and he motivates you to stay committed to your goals. ... Coaching is Jeremy's passion and he enjoys working with people and helping them grow. He made a difference for me and I highly recommend working with him!" - Laura, Global Industry Account Manager
